WORK EXPERIENCE

Assistant Digital School

05/2022 - Present

Prizren

Since I showed great success at Digital School they hired me as an assistant to help other children become efficient programmers at only 13 years old

Achievements/Tasks

- I have to take care and help all the children
- I have to explain wisely for them to understand coding
- Get to see the good old days of CODE.org

PERSONAL PROJECTS

Art Drini (06/2022 - 07/2022)

- Professional portfolio with animations and amazing looking design with fully responsive function.

Belg Badovc (03/2022 - 03/2022)

- Created website that you can visit at belgbadovc.com. using HTML/CSS website with responsive function.

09/2014 - Present

Prizren

Courses

- HTML
- CSS
- JavaScript
- WordPress
- Bootstrap
- jQuery
- PHP
- MySQL

ACHIEVEMENTS

Highly skilled Front-End Web Developer with over 3 years of experience. (09/2018)

I love Front-End Web. It's very simple and enjoyable. At least for me. Since I was little I was interested in programming and wondered how computers work. So I signed up to a course and immediately started getting interested even more. It was so fun and to this day I enjoy coding as much as I did when I was little. Today I have much comfort of using the skills that I have gained during the 3 year course and I am still continuing to learn new skills every single day.
